MARK ENGINEERING SOLUTIONS

COMPANY PROFILE

Engineered Protection | Proven Performance | Zero Compromise

A photograph showing three construction workers in high-visibility vests and hard hats standing outdoors. One worker is pointing towards a modern building with large glass windows. In the foreground, there are several rolls of construction materials, including what appears to be waterproofing membranes and sealants. A large, semi-transparent graphic of a shield is overlaid on the left side of the image, containing the Mark Engineering Solutions logo and a hexagonal pattern. The background shows a clear blue sky with some clouds.

Who We Are

Mark Engineering Solutions is a **specialist engineering execution company** delivering high performance waterproofing, epoxy flooring, and protective coating commercial, and industrial assets.

We don't sell materials. We engineer long-term protection.

When failure is costly, recurring leakage is **unacceptable**, and **durability matters** — clients trust us to deliver results, not repairs.

THE PROBLEM CLIENTS FACE-

- Repeated leakage despite multiple treatments.
- Floor failures under chemical, abrasion, or traffic load.
- Corrosion impacting safety, uptime, and asset life.
- Contractors executing work without accountability.

“TEMPORARY FIXES INCREASE COST. FAILURE ERODES TRUST.”

OUR SOLUTION-

A system-based engineering approach that eliminates problems at the root cause:

- Correct system selection based on site conditions & exposure.
- Rigorous surface preparation and detailing.
- Manufacturer-aligned application protocols.
- Controlled execution with quality checks.
- Performance-focused handover and support.

**OUTCOME: LEAKAGE-FREE STRUCTURES,
DURABLE FLOORS, PROTECTED ASSETS.**

CORE SERVICES

WATERPROOFING SYSTEMS-

- Terraces, podiums, roofs, basements, water tanks & swimming pools.
- Positive & negative side waterproofing.
- Expansion joint treatment & crack injection.
- Sheet & liquid-applied membrane systems.

EPOXY FLOORING & COATINGS-

- Heavy-duty, self-leveling & screed flooring.
- Chemical-, abrasion- & impact-resistant systems.
- Anti-skid, anti-static (ESD) & hygienic flooring.

PROTECTIVE COATINGS-

- RCC & structural steel protection.
- Anti-corrosive & chemical-resistant coatings.
- Epoxy, PU, acrylic, heat- & weather-resistant systems.

WHERE WE DELIVER MAXIMUM VALUE

- Distilleries & Breweries.
- Pharmaceutical & Healthcare Facilities.
- Bio-Gas & Renewable Energy Plants.
- Manufacturing & Process Industries.
- Food Processing & FMCG Facilities.

***“WE DESIGN FOR REAL OPERATING CONDITIONS
— NOT TEXTBOOK ASSUMPTIONS.”***

SELECTED PROJECT EXPERIENCE

- Epoxy coating of MS storage tanks at large industrial facilities, executed with corrosion-resistant, high-build epoxy systems and controlled surface preparation.
- Industrial epoxy flooring and protective coating works carried out in process areas exposed to chemicals, abrasion, and continuous operational loads.
- Chemical-resistant flooring systems executed at renewable energy and bio-gas facilities to withstand aggressive environments and long operating cycles.
- Heavy-duty epoxy flooring in warehouses and industrial sheds designed for forklift traffic and repetitive mechanical stress.
- Waterproofing of basements, terraces, and water tanks, including joint detailing, treatment at penetrations, and system-based membrane applications.
- Expansion joint treatment and RCC leakage rectification, addressing active seepage through proper joint sealing and crack repair methodologies.

***OUR WORK IS JUDGED YEARS LATER
—BY PERFORMANCE.***

TRUSTED SYSTEMS & BRANDS

EXECUTED IN ALIGNMENT WITH
APPROVED SYSTEMS FROM:

FOSROC

ATUL (EPOGUARD)

NBPS

BOND ONE

SIKA

**WHY IT MATTERS: PROVEN CHEMISTRY.
TECHNICAL BACKING. COMPLIANCE ASSURED.**

WHY CLIENTS CHOOSE US

- Engineering-led, system-based execution
- Single-point responsibility & accountability
- Strong industrial exposure across sectors
- Skilled applicators with quality control discipline
- Focus on durability, safety & lifecycle value

***“WE DON’T COMPETE ON PRICE.
WE COMPETE ON OUTCOMES.”***

READY TO ELIMINATE FAILURE?

If your project demands leakage-free assurance, durable flooring, and long-term asset protection,

-Mark Engineering Solutions is your execution partner.
